Summary

Software Developer with hands-on experience building scalable full-stack applications using **Java, Spring Boot, Microservices, ReactJS, and MySQL**. Strong foundation in **REST APIs, Spring Security, JWT authentication, and Data Structures and Algorithms**, with 500+ coding problems solved and a passion for building reliable software solutions.

Skills

Languages: Java, SQL, C++, JavaScript (ES6+)
Frontend: ReactJS, HTML5, CSS3, Tailwind CSS
Backend: Spring Boot, Spring Security, Spring Data JPA, Hibernate, REST APIs, Microservices, Spring Cloud (Eureka, OpenFeign), JWT
Tools: MySQL, Git, GitHub, Maven, Linux, Postman, IntelliJ IDEA
Core Concepts: Data Structures and Algorithms, OOP, Dependency Injection, API Testing, Debugging, SDLC, CI/CD Fundamentals

Project Experience

Railway Reservation System | GitHub **Feb 2026 – Apr 2026**
Spring Boot, Microservices, ReactJS, Hibernate, MySQL

- Designed and developed a scalable railway reservation platform using **Spring Boot Microservices** with **6 independently deployable services**, enabling modular and maintainable architecture.
- Implemented **Spring Security** and **JWT authentication** to provide secure role-based access control across microservices.
- **Developed and tested 15+ REST APIs** using Postman to validate booking, payment, and reservation workflows.
- Configured **Eureka Server and OpenFeign** to enable **service discovery** and inter-service communication across 6 microservices.

Employee Task Management System | GitHub **Dec 2025 – Jan 2026**
ReactJS, JavaScript, Tailwind CSS

- Developed a role-based task management application supporting **2 user roles** (Admin and Employee).
- Implemented complete CRUD operations for task creation, assignment, updating, and deletion with real-time task status tracking.
- Designed role-specific dashboards for Admin and Employee users, enabling workload distribution and task tracking across 5+ task status categories.
- Built **10+ reusable React components** and used **React Context API** to eliminate **15+ prop-drilling instances** and simplify state management.

Certifications & Achievements

- **Meta React Professional Certificate** (Coursera) | **View Certificate** **Jul 2025 – Aug 2025**
  - Learned reusable components, API integration, testing, debugging, and React libraries.
- **Meta Front-End Developer Professional Certificate** (Coursera) | **View Certificate** **May 2025 – Aug 2025**
  - Covered HTML, CSS, JavaScript, Git, responsive web design, version control, debugging, and modern frontend development.
- **500+ DSA Problems Solved** (**LeetCode** & Coding Platforms)

Education

Lovely Professional University **Aug 2023 – Jun 2025**
Master of Computer Applications (CGPA: 8.32/10) *Phagwara, Punjab*

Feroze Gandhi College (CSJM University) **Aug 2019 – Jun 2022**
Bachelor of Science (PCM) *Raebareli, Uttar Pradesh*
